The following is from S. M. Sill, Principal of Male Department, Public School No. 1, St.

Sr. Louis, Mo., Dec. 20, 1844.

To Benjamın Phelps-Siz: An adult member of my family was afflicted with a very severe cough during six or eight months, accompanied by such other symptoms as induced the belief that the lungs were seriously affected. Finding the usual remedies inefficient, I was induced to try "Wistar's Balsam of Wild Cherry." The result was immediate relief; and by the use of less than two bottles, the cough was wholly cured. I have also used it in cases of severe colds, with very satisfactory results. I can therefore confidently recommend it as a safe, pleasant and efficient remedy in cases similar to those in which I have employed it.

Very respectfully, S M. SILL. The genuine is for sale by Dr. Wm. R Snelson, Fayette. Also, by R. P. Hanenkamp, Glasgow.

Nature, in every part of her works, has left in-lelible marks of adaptation and design.

The constitution of the animals and vegetables of the torrid, is such that they could not endure

the cold of the frigid zone, and vice versa.

In regard to discuse and its cure, the adaption is not less striking. The moss of Iceland, the Wild Cherry and pine of all northern latitudes (the balsam is a chemical extract of these) have ong been celebrated for complaints prevalent in cold climates. Indeed the most distinguished medical men have averted that nature furnished in

every country antidotes for its own peculiar dis-Consumption in its confirmed and incipient stages, coughs, asthma, croup and liver complaint, form by far, the most fatal class of discase known to our land. Yet even these may be cured by means of the simple yet powerful remedies which are scattered wherever those mainteles prevail. Wister's Balsam of Will Cherry is the concen-

trated essence of these remedies. It has cured incipient consumption, asthma, eroup, liver complaint, de., in numberless cases where all other

medical remedies had falled.

Gents: I take this opportunity of informing you of a most remarkable cure performed on me by the use of Ir. Wistar's Balsam of Wist Cherry.
In the year 1840 I was taken with an information of the bowels, which I labored under for six

weeks, when I gradually recovered. In the fell of 1841, I was attacked with a severe cald, which seated itself upon my lungs; and for the space of

1841. I was attacked with a severe cold, which seated itself upon my langs; and for the space of three years I was confined to my bed. I tried at kinds of medicines, and every variety of medical aid, without benefit, and thus I was ried along upoil the winter of 1844, when I heard of "Wister's Balsam of Wild Cherry."

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared mysoif for the change of another world. Through their solicitation I was induced to make use of the "Genoine Wister's Balsam of Wild Cherry." The effect was truly astonishing.

After five years of afficilous pain, and suffering, and after having spent four or five hundred dollars. and after having spent four or five hundred dallar-to no purpose, and the best and most respectable, physicians had proved unavailing. I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry.

I am now enjoying good health and such is my accounts.
